Philo - Feature #151

"View on site" for things like blog entries

06/07/2011 03:48 PM - Stephen Burrows

Description

Currently, there's no way to view a blog entry on a site, since a blog entry can only be viewed with a blog view, which may be attached to 0 or more nodes. With some cleverness, we could add an intermediate page to the "view on site" option that lets people decide where they want to go to view the entry.
